**Notes:**

- (1) Each month small revisions to figures may have been made since the previous press release. This reflects additional information received.
- (2) Industry funds under management includes money invested in the underlying funds in which funds of funds invest, but excludes money invested in funds of funds themselves (other than funds of overseas funds) to avoid double-counting.
- (3) These figures include double-counting of investments through FOFs - assets are counted first when invested in a FOF and then when FOF invests in other funds. This gives the best indicator available of the asset breakdown of investors' choices since the Investment Association cannot identify FOFs holdings of funds. Asset types (Equity, Fixed Income, etc) are defined in terms of the Investment Association sectors included. See Table 6 for a listing of the Investment Association sectors allocated to each asset class.
- (4) From March 2014, the FUM of mixed asset funds is reduced and the FUM of other funds is increased due to funds re-classified from the Investment Association Mixed Asset sectors to the Investment Association
- (5) Prior to January 2012 data is presented according to FUM in UK Domiciled funds.

(1) Direct includes sales through a sales force or tied agents and private client sales of own funds.

(2) UK fund platforms covers fund companies' transactions (reported by fund companies) with the following: Ascentric; Avalon, Aviva Wrap; Cofunds; Fidelity; FNZ; Hargreaves Lansdown; James Hay Wrap; Novia; Nucleus; Old Mutual Wealth (including Selestia, Skandia Multifunds and Skandia Life); Parmenion; Standard Life Savings; Transact; Wealthtime.

(3) Transactions made through insurance companies (whether in-house or third party) are not included here as they are counted as institutional.

(4) All sales and repurchases of funds of funds are included. To avoid double counting, transactions between funds of funds and their underlying funds are excluded.

(5) Sales and re-purchases reported here differ from those in Table 11 as the figures in Table 11 cover five of the largest platforms whereas the figures in this table cover all the platforms listed at note 2. There are also differences in reporting between platforms and fund companies.

Figures for Hargreaves Lansdown for October to December 2017 are the Investment Association estimates.

(2) Figures are for Authorised Investment Funds (OEICs and Unit Trusts) including include Funds of Funds. Investment trusts and ETFs are not included.
